

Coach Mission 1: All In! (Game Action)

THRIVE! As a Professional Coach Playbook

Quick Summary:

There are many possible activities that are included in ALL-IN Coaching with your players. So for this game card it's not about sharing every little thing you do.

Our focus in THRIVE is on creating life-changing moments – or game-changing moments – where something powerful happens for your player OR for YOU.

1) Co-Creating Life-Changing Moments

Step 8 in your Business Model is coaching ALL IN with your players.

This could include scheduled coaching conversations, spontaneous conversation, observing them in their game to create an observation-conversation loop, texting, email, sending a timely article or just about ANYTHING that could guide them in pursuit of the results they desire...

Your coaching conversation could be very supportive or it could be a time where you need to challenge them. It could come from deep coaching presence or it could be sharing a provocative concept from your expertise. The point is... you need to be in pursuit of life-changing moments... ALL THE TIME. When you co-create one... NOTICE it, LEARN from it and SHARE about it on your game card.

To grow your coaching confidence, you must OWN your ability to create life-changing / game-changing moments.
