

Game Changer Mission 1: See the Game (BIG WIN) THRIVE! As a Professional Coach Playbook

"A BIG WIN is when the result you are playing for in "the world" actually happens." - Coach Dave

Quick Summary:

Be A Game Changer!

There are 2 BIG ideas for this Game Changer Playbook:

- 1) To learn how the CoachVille game system supports the acknowledgment of created results "in the world". We call this a **BIG WIN**. It's like getting a "High Five" in the game. This is essential for first time players.
- 2) To start a new life practice of seeing the relationship between actions and results in the games of your life.

Quick Outline

1. How we play the Game Card
2. How to score BIG WINS in your life.

1) How we play the Game Card... Continues

A final thought about the CoachVille Gamecard Experience

So now you have made it to the **BIG WIN** portion of the Game Card. Awesome!

A BIG Win is when something good happens "as a result" of your actions.

The first key here is to separate actions and results. This can be challenging at first because in the Industrial Age we became 100% task oriented. That means there was no result, there is only completing the task with the expectation that you can do it the same way – the RIGHT WAY – every time.

A task is something that you can control... you "just do it" to get it done. We were taught to look at every endeavor as a list of tasks. The idea was to eliminate failure and mistakes from life.

UGH! What a disaster! This turned life and most of our businesses and careers into a dreary experience. AND as we talked about before... a very FRUSTRATING experience as well because we think we need to be able to control everything we do... when the truth is VERY little of life can be controlled.

This is why we can all live much happier and full of wonder by embracing the truth that we don't have control AND we can expand our influence by playing for the results we desire! (having a coach to guide you toward playing better – and getting the results you desire more often – REALLY HELPS!) **In other words... HAVE a Coach for the game you are playing and BE a coach for the players on your team.**

You define what winning means.

In CoachVille playbooks, sometimes the desired result will be explicitly described so that you can know for sure if it happened or didn't happen. In other game actions the result is open to interpretation. In

these cases it is up to you to define what the **BIG WIN** looks like and score yourself appropriately. In most cases, we recommend that you set a pretty high bar for the result you are playing for.

2) How to score “BIG WINS” in your life!

The idea of the Game Changer is first to SEE that you have opportunities to shift into PLAY MODE in all areas of your life by releasing the delusion of control and embracing the opportunity to expand your influence by doing things in new ways. In any game activity, the more influence you have, the more often the result that you desire happens. Influence = the ability to co-create your desired results often.

In the TRHIVE game, there will be several game challenges specifically for business building activities. So this Game Changer challenge is more for seeing “the game” in all of the other areas of your life.

So for example, maybe you experiment with greeting a specific person in a new way to see if they respond to you in a different or more desirable way. In this example, the **BIG WIN** would be if the other person DOES respond in a new way. If this happens, you would share about it in the **BIG WIN** section of the game card. If your experimental action does not influence their behavior then you didn't WIN.

Remember in the **GAME ACTION** the idea was to be aware of your intended result before you take a new action. If it happens... score the **BIG WIN**. Also, it could be that an unintended or unexpected result happens that is even better than what you were playing for ... score a **BIG WIN** for that as well!

In the game card it is set it up so that if you are taking an action 10 times for example there will be 3-5 opportunities to share a **BIG WIN** result.

Your first BIG WIN.

So for your first time playing we asked you to take an action that had a high probability for success like asking a good friend to do something with you today. Hopefully they said: “YES” and you can share about it right now!

	<p>Step 1: Click through to your game card. Look for the BIG WIN section (Find the Green Button with the trophy holder!)</p> <p>Find the <i>Game Changer</i> badge.
