

Game Changer 2: Life The Game! (BIG WIN)

THRIVE! As a Professional Coach Playbook

Quick Summary:

What happened when you played with intent?

The BIG WIN is when you play with intent AND co-create in the world the result that you intended... OR something even better than you intended.

OWN that you are becoming a powerful co-creator!
(AKA a PLAYER!)

1) The BIG WIN in life.

The reason that playing with intent is so creative and enlivening is because you don't KNOW what will happen in the world when you are playing. What you do matters; YOU impact the outcome.

So... when you do co-create what you intend this is a BIG deal. Take time to celebrate the WIN ... AND learn from the experience! How did you co-create this win in your world? Own your contribution to it. Who did you become in the experience? This will give you something powerful to share when a potential player wants to know more about YOU and your game.

Gather up your learning! **OWN IT!** {can you tell that I want you to own it?}

NOTE: Check yourself!

Make sure you are not only looking at your action and calling it a win. This is an Industrial Age habit we all need to break. Did something happen in the world **AS A RESULT** of your action?
