

THRIVE! As a Professional Coach

You are invited to THRIVE!

Hey Coach. Coach Dave here.

I am thrilled to invite you to our new signature business building program exclusively for professional coaches. It's called: THRIVE!

This program is included in your tuition for both the Starter Program and the Complete Center for Coaching Mastery. Graduate School of Coaching Members from the early days are also welcome to jump in.

This program is set up as a 6-month TEAM Quest style adventure game with regular Mastermind / Masterclass sessions set up to guide you every step of the way. Together we will explore the ALL-IN Coaching Model AND Connected Age (AKA Relational) business models for visibility, recruiting and signing playing players.

The game is for you to expand in both personal fulfillment AND financial success as a professional coach!

You can learn more about the program on this page on our website:

<http://www.coachville.com/curriculum/thrive-level-1/>

Since this program is available to you at no additional cost, the BIG investment question is really about your time AND your willingness to experiment with new ideas.

You must have at least 20 hours each week for coaching business activities: visibility actions, talking to prospective players, coaching players and completing the challenges of the game.

The subtitle of this program is called: HUSTLE.

And it is named that for a reason. This is a game where you need to be prepared to play full on to win. There will be a monthly game card AND in this game if you don't accumulate the required points for the month you will be excused from the game. This is a serious game! And you will be welcome to jump in and play again in the future.

Why? Because in a complex game like business, there is really only one way to get better: put yourself in a winning environment and play. One of my important roles as the Coach is to make sure that everyone is playing TWO win and contributing to the environment. No casual observers.

While this is NOT a "you have to do it this way" business program - the idea is for you to create YOUR WAY – we ARE on a team purpose to revolutionize professional coaching for the Connected Age. So you will need to be open to experimenting with new ideas EVEN ideas that are different than something I personally taught you in the past!

So if you..

THRIVE! As a Professional Coach

- a) Have a dream to start or expand your coaching business
- b) Have the time available to play your business game full on
- c) Are prepared to play the CV Game card and achieve the required minimum number of points in each monthly game
- d) Are open to experimenting with new relational coaching and business models...
- e) Are willing to go deep into yourself to unleash your SUPER POWERS...

Then JUMP IN!

Let's Play.

Let's Play!

Coach Dave

Ps. If you have already hustled and have your business in a really good place financially, then keep your eyes open for THRIVE! Level 2 early next year. It is called Ecosystem and it is all about building a sustainable community around your business that is part designed and part "WILD". It is going to be fun.
