## **FILTER THROUGH THE “NOISE”**

- We are flooded with advice on how to achieve all we want in life and business. The problem is, what works for one person does NOT work for all.
- Reduce “advice overwhelm” and learn to use your own Superpower guidance to know exactly what will support YOU in pursuit of your dreams.

## **USE YOUR SUPERPOWERS FOR GOOD**

- We are all born with YOUUnique Superpowers. Life experiences can cause us to suppress those Superpowers, pushing them into a shadow state.
- By using modern coaching methods you will learn to reclaim your Superpowers and use them for good, even when you feel fear.

## **RENEW YOUR PLAY INSTINCT**

- By discovering and embracing your Superpowers you will renew your “Play First” instinct, and this will give you the energy you need to pursue your dream. You will also cultivate deep human connections with fellow Superheroes who share your desire to play life better.
