Transcend Self-Doubt OOZE Self-Worth

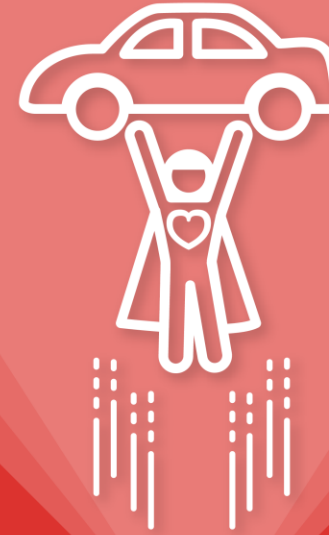

**You are Naturally expressive AND
Wired for belonging**

Express Energy -> Aware of Reactions
(family – community – school – culture)
Through negative reactions you learn fear

Your Energy comes and goes
with “people and planets”
-> this also leads to self-doubt

Industrial Age Culture and Mindset
Mental energy – Work on tasks in isolation

**Through wisdom, body awareness
and practice you can
OOZE Self-Worth!**

The Industrial Age Impact on YOU

How We Learn Self-Doubt

The story of my 19 Energy – Approach with sensitivity

We are WIRED for belonging!

Often when you express your energy – the people in your environment do NOT enjoy it. They react unfavorably.

It is not safe for me to express my energy.

IT IS NOT SAFE TO BE ME

The experience you fear the most is expressing your YOUNique Energies.

We adapt. We move on. We create a story to explain the way we are.

AKA I am terribly shy and socially awkward.

During the course of your life time, much of your Energy has gone off line

Industrial Age School = Death of Super YOU

The Industrial Age school system was set up to:

- Teach you how to be quiet and complete tasks in isolation
- Teach you that your creativity will get you into trouble
- Teach you that your individuality is not appreciated
- Convince you that working without purpose to collect a paycheck is the normal way to live

You grew up in this environment. It was everywhere and it got into you.

**YOU adopt the energies expected of YOU
by the Environments you are in.**

Success in the Connected Age of Play

The basic model for success:

- Be yourself
- Build Relationships
- Add Value

When you OOZE self worth:

- You ask for what you need - your dream is worth it.
- You speak your truth because you feel connected and know that it is for the greater good.
- You SHARE your value freely because you have the wisdom to know when and where it is needed.
- You CO-CREATE because we play better together.
