

Engage! EPIC Tribal Gathering

Calling All BOLD Champions of Humanity Flourishing

Engagement is THE Currency of the Connected Economy.

Develop Engage! “Super Powers” and your enterprise or cause will thrive!

YOU are invited to PARTICIPATE in (not merely attend) a most extraordinary global virtual gathering for ANYONE with the desire to engage people in an Enterprise / Cause in pursuit of Humanity Flourishing.

Engagement is when a purpose is enthusiastically taken up by people in such a way that they live and breathe it in their own lives and actively share about it with others.

In this ground breaking tribal gathering, you will experience Engagement Leaders who will SHARE their engagement story and their **Engage! Super Power**. Then, if you accept the challenge, YOU can develop it for yourself in the 100 Day Engage! Epic Challenge Game. **YES!!**

Do you SEE yourself as...

A Conscious Entrepreneur with an ENGAGED Enterprise,

A Visionary Leader with an ENGAGED Organization

A Motivated Manager with ENGAGED Team Members

An Energized Change-Agent with ENGAGED Advocates

An Enthusiastic Artist/Athlete with ENGAGED Fans.

An Inspired Teacher with ENGAGED Students

A Health Practitioner with ENGAGED Patients

A Creative Author/Speaker with an ENGAGED Audience

AND do you INTENSELY DESIRE to...

Be a force in the world for Good, Truth, Beauty* and TRANSFORMATION

If YES... This tribal gathering is a MUST for YOU.

The BAD-ASS Butterfly

The BAD-ASS Butterfly is the logo of The Engage! Epic Tribal Gathering because it is a symbol of the potential within us to transform from Consumers (aka voracious caterpillars) to Creators of the Good, Truth and Beauty (aka the butterfly); * Inspired by Plato’s EPIC Manifesto “The Republic”!

Important Insight: Engaged Humans consume less and create and share more!

Are you engaged in the EPIC Pursuit of Humanity Flourishing?

We are wildly enthusiastic about the future of humanity! You probably are too.

However, we also know that massive transformation is needed- FAST -for our bright future to be fulfilled.

Specifically we must transform the way we humans organize ourselves to create experiences and get things done.

The 20th Century model of seeing our fellow humans as compliant workers/students/patients that we need to command and control will not produce the bright future we so desire!

Instead we must develop a new model where we see each other as empowered creators ENGAGING to produce better results and more fulfilling experiences for everyone involved.

Key Transformation: Manage for Compliance --> Coach for Engagement.

Our future also depends on the transformation of humans from insatiable consumers to ENGAGED investors in themselves, their environments and their communities.
