Master Class: Proficiency #2 – Reveals the Client to Themselves

In the Master Class: Reveals the Client to Themselves, we will have a coaching/playing practice session.

The context of the session is to practice “Revealing” while talking with your player about their big game

Here is the outline for the Coach.

It is based on the new [Play Two Win Method RACE Model](#) << -- **Download the diagram**

While you read this outline, you can also prepare to be the player if you want to.

Or you can co-create your responses in the moment with your coaching partner.

1) Describe your BIG Game for me.

2) Share with me why you are playing this game. What purpose does it serve in your life?

3) How does this game express your values; How does it express what you care most about?

4) Can you share with me 3 or 4 primary objectives of your game?

These can be specific outcomes, mastery of skills, who you are becoming or upgrades to your environments

5) What are the biggest challenges you are facing?

And, how are these challenges serving your intention to become a great player?

6) What resources do you have around you that you are not fully utilizing?

7) What resources are missing from your environment that would make your game easier to win?
