

Play Two Win Method™ Play Sheet

Evaluate Results Grid

- 1) Identify three important recurring results in your game and write one in each of the 3 boxes in the first column; under each one describe the actual results
- 2) For each one identify the planned actions under each one describe the actual actions
- 3) In the third column use judgment-free awareness to objectively evaluate your results, skill level and effort level on a scale of 1->5; 1 = poor ; 5=Excellent

Recurring Results	Recurring Actions	Evaluation
Desired Results	Planned Actions	How did actual results compare to desired results? (1->5)
Actual Results	Actual Actions	Rate your current skill level for the actions (1->5)
		Rate your effort level for this action (1-> 5)
Desired Results	Planned Actions	How did actual results compare to desired results? (1->5)
Actual Results	Actual Actions	Rate your current skill level for the actions 1->5
		Rate your effort level for this action 1 -> 5
Desired Results	Planned Actions	How did actual results compare to desired results? (1->5)
Actual Results	Actual Actions	Rate your current skill level for the actions 1->5
		Rate your effort level for this action 1 -> 5
