A Guide for the Inner Adventure

The Inner Freedom Discovery Game will take about 3 weeks to play. If you love it there will be several ways that you can continue the adventure as a player and/or as a coach.

“The Inner Freedom Method is all about guiding YOU and your BIG dream out into the world.”

– Coach Dave

Where you can make the biggest contribution to others AND enjoy the moments of your life fully and deeply.

The Inner Freedom Discovery is best with companions. While most of us understand that there are companions in our adventures in the outer world, we often feel that our inner adventures must be made alone. This is not true at all AND this is one of the reasons most people get stuck in the “Inner World”.

The Inner Freedom Method shows you how to be a GUIDE for the Inner Adventure.

This is the path of the Transformational Leader

A transformational leader is a person who coaches people in pursuit of BIG Dreams; people who are going out into the world – beyond the safety zone – on a heroes journey to contribute to life in a meaningful way. AND they are prepared to guide BOTH the outer adventure AND the inner adventure.

It does not matter how BIG or successful someone is, to go bigger out into the world, they must go deeper into themselves. BOTH will take them out of their comfort zone and require a capable guide!

Joseph Campbell Quote

“The passage of the mythological hero may be over-ground, incidentally; fundamentally it is inward – into depths where obscure resistances are overcome, and long lost forgotten powers are revived, to be made available for the transfiguration of the world.”

Life is a playground. And we're going out to play!
