

Pursuit of Greatness Game

Where will your dreams take you?

Super Easy Instructions:

- 1) Each partner has a copy of this playsheet in front of them.
- 2) Partners alternate each reading the question to the other. It is IMPORTANT that you read the question to your partner, rather than each just reading the question to yourself and answering. This creates a feeling of connection rather than feeling like a test.
- 3) When your partner asks the question, just speak “from the heart”. While listening, really “tune in” to your partner as they answer the question. If a follow up question “pops up” as you listen, ask it when they are done expressing their answer.
- 4) Enjoy each other!

Exploration #05: Live Into Your Dreams

- 1) What are your big dreams for your life right now?
- 2) Who will you become by pursuing these dreams?
- 3) What is something on your bucket list that you will do in the next year?
- 4) What are you curious about me right now?
- 5) Based on this conversation, what are 3 things we appear to have in common?
- 6) Based on this conversation, what is something “YOUUnique” about me?
