## Welcome to Superpower School

### Get started in the Discovery Game

Superpower School is a SUPER FUN program where you discover your YOUUnique Energies and then develop them into Superpowers that you can use to Play BIG in the world. We call this... YOU! Unleashed.

In this Discovery Game you will get an experience of some of the unique ideas behind Superpower School, find out about your Superpower potential and how you can use it to pursue your BIG Dream. And you will get an experience of our CoachVille Gamecard platform and community. SO GOOD!

If you are new to CoachVille, be sure to read through the “How to play” Guide in Gamecard item #2.

Then... DIVE into the “Predict Your Superpowers” exercise.

The “Your Friends Predict Your Superpowers” exercise is really interesting and fun and can take a few days to get going. So I recommend you choose your 3 people and send them the documents right away!

*“When you look back on your life, the day you started Superpower School will be a major turning point in your adventure story.”*
